## Description

User Story:

As a User, I want to have an order tracking page with necessary services when I placed my orders.

Services like:

Bill generation

Tracking the progress of delivery

Acceptance Criteria:

User should be able to see the bill generated for the ordered items.

Alert messages for knowing the status of delivery.

## [HOME-20] [Cart Page](#) Created: 30/Nov/22 Updated: 02/Dec/22 Resolved: 02/Dec/22

### Description

User Story:

As a Cart Page user, I want to have a webpage with necessary services when I logged in to my Account

Services like:

View ordered Items

Update/Remove product items

Navigate towards payment gateway

Acceptance Criteria:

User can have simple and interactive dashboard to view the ordered items in the cart page.

Cart Page user should navigate to payment gateway for successful delivery of ordered products.

Listed services should work accordingly as the user navigates towards the cart page.
